Laser
Engraver/Cutting Machine

Core Details:

- Drive system with high precision speed guide with roller high precision, wear resistance, small resistance, high speed, arc gear synchronous belt.
- Equipped with manual modulation focused lasre head, responsive and accurate, the machine can adjust the focused position according to engraving and cutting alternation.
- Lastest technology stepper motor and servo drive system technology

Applicable Industries

- Signage
- Indoor and outdoor advertisement, Art & craft, Gift, Toys, Model cutting
- Interior and Decorators, Paper & Packaging
- Wood and MDF Cutting
